2033 Events 1966 - Rev Dennis Fould's retirement, July 1966 - When the Rev Dennis Foulds was first
appointed Rector of Stretham in 1955 he was told by his predecessor, the Rev John Cowgill: "Stretham may
not be the most beautiful place in England but they are a great crowd". Mr Foulds, now Vicar of Littleport,
revealed this secret after his former parishioners had given him a tape recorder and his wife a clock. The
gifts were presented to them in the church hall by Miss S. Kitson, church councillor for 25 years and
secretary for 21 1966 07 05 CEN

2035 School 1978 opening of new county primary school by Mrs B.C. Stevens with headmaster Trevor
Williams 1978 06CEN 1659.78

2036 People - P.C. William Lythell retired 24 years after he joined the police force as a war reservist. He
was called for duty one September morning in 1939 and only a matter of hours later, found himself in
uniform, pacing the streets of Ely. Five years later he was transferred 'home' to Stretham where he had to
overcome his initial reluctance at representing the law in a place where everybody was his friend. One of the
few members of the Ely Constabulary who still rides a pedal cycle on duty, P.C. Lythell says he has
thoroughly enjoyed his work. He became a parish councillor and was the obvious choice to plant the Jubilee
Oak on the Recreation Ground in 1977 1963 08CEN Y583

2037 School - Cliff Knight was appointed head of Stretham School on the retirement of Trevor Williams. In
1993 it was his turn to move on: Cliff Knight, bid an emotional farewell to pupils when he left to take up a
new job in Cambridge. Each of his pupils took a flower and made up a huge bouquet on the day he left. His
gifts included a radio, gold pen and picnic set. His philosophy of teaching is simple: "I believe the best gift
we can give out children is confidence" - 29 Jul 1993 1993 07 29 CEN 4407.93.14a

2038 High Street South - The old parish room which had served the village since 1896 was greatly
extended in October 1961. The dedication began with a service in St James' church attended by more than
200 people. Villagers then packed the new church hall where the Chief Constable of Huntingdonshire and
the Isle of Ely proclaimed the building open. The alterations had cost £2,400. a & b 1961 10CEN K5904

2039 High Street South - Parish Hall opening: people in audience A & b 1961 10CEN K5905

2040 People - The Misses May and Cynthia Acred have lived in their yellow-brick cottage with the purple
paintwork and curtain lace all their lives - the best part of 80 years. There is hardly a family in the village
which has not been grateful to the elderly sisters, for their house has been a regular calling point for the local
doctor for 73 years. At first the prescriptions were delivered to the house by the village postman, then the
Ortona Bus Service took over and the young girls had to go across to the Red Lion to pick up the packets
each day. When their father died in 1948, they carried on the service. They have been used to patients
calling at all hours for their prescriptions. Now Dr Richard Wolfendale, who has been the calling doctor for
30 years, is retiring and the Misses Acred have decided that now is the time to retire their house too. - CN 9
July 1978 1987 07CEN 2810.87.25a

2041 Church - A collage depicting the history of the village was unveiled at St James' church. It highlights
various focal points in eleven different scenes, including the school, windmill and pumping station. Angela
Fordham, who was in charge of the project, which was carried out by 13 talented villagers said: "It is a good
pictorial history". It was made to commemorate the 775th anniversary of St James' and was displayed for
the first time at the church's flowers and paintings exhibition - CEN 18 Sep 1977 1977 09CEN
